ABOUT LG

_____ A COMPANY YOU CAN TRUST

LG Electronics was established in 1958 and has led the way into the advanced digital era thanks to the technological expertise acquired by manufacturing many home appliances such as smartphones and TVs. LG's philosophy revolves around people, sincerity, and sticking to the fundamentals. It is to understand our customers and to offer optimum solutions and new experiences through ceaseless innovation, thus helping our customers lead better lives. With market share in a variety of product categories in addition to Solar-LG offers the stability that no fly-by-night solar competitors can match. LG's solar modules are expertly crafted to deliver optimum output and ensure reliable operation. We use a number of manufacturing processes to provide maximum results. Each module is simulated for output and classified accordingly at the end of the manufacturing process.
